Education

Ajay Kumar Garg Engineering College, Ghaziabad

Oct 2023 – Present

B.Tech in Computer Science & Information Technology

- GPA: 7.83/10

St. Xavier's School, Ballia

June 2022 – July 2023

Higher Secondary Education

- Percentage: 74

Experience

Edunet Foundation, AICTE 🔗

Remote

IBM Skills Build Intern

July 2025 – Aug 2025

- Completed an industry-oriented Web Development certification course (Remote).
- Built real-world responsive web projects using HTML, CSS, JavaScript, and modern tools.
- Gained hands-on experience with Git/GitHub, version control, and problem-solving.
- Enhanced teamwork and communication skills through project-based learning.

Code Help 🔗

Remote

Web Development Bootcamp

June 2025 – Sept 2025

- Successfully finished a comprehensive Web Development Bootcamp with a focus on industry-relevant skills.
- Acquired hands-on expertise in HTML, CSS, JavaScript, and modern responsive design principles.
- Designed and developed functional web projects using real-world development workflows.
- Enhanced analytical thinking, debugging abilities, and teamwork through practical implementation.

Projects

Netflix Clone 🔗

- Developed a Netflix Clone web application that allows users to browse movies and TV shows using real-time API data.
- Implemented major features such as category-based browsing (Trending, Top Rated, Action, Comedy, etc.) and movie preview.
- Created a fully responsive and user-friendly interface inspired by the original Netflix platform.
- Built reusable React components and handled state management for smooth application performance.
- Ensured cross-browser compatibility and optimized UI for mobile and desktop devices.
- **Tools/Technology-** React.js, JavaScript, HTML, CSS, REST API, Git

StudyNotion – EdTech Learning Platform 🔗

- Developed a scalable full-stack EdTech platform using the MERN stack with modular architecture.
- Implemented secure JWT-based authentication, role-based access control, OTP verification, and password recovery.
- Built Admin, Instructor, and Student dashboards for course management, enrollment, and progress tracking.
- Integrated secure payment gateway and developed 10+ REST APIs for authentication and transaction workflows.
- **Tech Stack:** MongoDB, Express.js, React.js, Node.js, JWT, REST APIs, Git.

Technical Skills

Languages	: C/C++
Frontend	: React.js, HTML, CSS, Tailwind
Backend	: Node.js, Express.js
Databases	: MongoDB, SQL / MySQL, PostgreSQL, CouchDB
Tools	: Git, GitHub, VS CODE
CS Fundamentals	: DSA, OOP, DBMS, OS

Certifications & Achievements

- Solved 250+ Problems on LeetCode & CodeChef — Strengthened problem-solving skills in Data Structures and Algorithms across arrays, strings, DP, and graph-based challenges. 🔗
- C++ Practical - Organogram in C++ — Infosys Springboard 🔗
